DETAILED ACTION***Claim Rejections - 35 USC § 112***

Claims 9 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 9, it is unclear what Applicant intends by the recitation "a portable drilling water filter." It is unclear what minimal components this recitation is intended to include. Moreover, it is unclear how, if at all, Applicant intends the recitation "wherein the carrying handle (3) is stepwise displaced when reversing the drilling water filter (1)" to limit the method being claimed. Additionally, the recitation "the carrying handle" appears to lack clear positive antecedent basis.

Claim Rejections - 35 USC § 102

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Drori (US 4,042,504). See cleaning body 180 and handle 198.

Art Unit: 1724

Allowable Subject Matter

Claims 2-8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Information Disclosure Statement

The listing of references in the specification is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609 A(1) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered.

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.
